

OMOLOLA ALFONSO

Data Analyst/Researcher

Data Analyst and Researcher with 10+ years of experience in crop science research and data-driven problem solving. Skilled in extracting insights from complex datasets using SQL, R, Python, Excel, Alteryx, Power BI and Tableau. Adept at bridging scientific research with data analytics to inform decision-making, improve efficiency, and deliver actionable insights.

Work Experience

National Root Crops Research Institute, Umudike, Nigeria

Research Officer

- Experimental Design & Execution
- Data collection and analysis
- Applying scientific methodology to generate reliable findings
- Reports writing and presentation
- Proposal Writing
- Team member in projects
- Guiding junior researchers in research methods, lab/field techniques, and data analysis
- Liaising with stakeholders to translate experimental findings into real-world impact

2014
Till
Date

IIM Skills

Internship (Data Analytics)

- Analyzed retail sales data to identify seasonal trends, holiday effects, and marketing impact; built dashboards in Power BI using Python for data preprocessing.
- Developed an HR analytics model to assess employee attrition and performance, and creating interactive reports in Power BI.
- Designed a relational database in SQL Server and connected it to Power BI for dynamic dashboards and ETL workflows using Power Query.
- Built a COVID-19 dashboard projecting cases and deaths with visual insights.

2025

Certifications

2025 **Data Analytics Master course**
IIM Skills

2025 **Quantitative Research Job Simulation**
J.P Morgan (Forage)

2025 **Data Visualization Job Simulation**
Tata (Forage)

Education

Masters of Science

Obafemi Awolowo University
2023

Bachelor of Agriculture

Obafemi Awolowo University
2008

National Diploma

Yaba College of Technology
2000

Key Skills

- Research & Experimentation
- Data Analytics & Visualization
- Database Management
- Statistical & Predictive Modeling
- Project Management & Collaboration
- Machine Learning Applications
